

## GGG Jute Mat

GGG Jute Mat is a woven erosion control blanket made from spun yarns. It is 100% biodegradable and will last for about 6 months. GGG Jute Mat reduces moisture loss and promotes vegetation growth. It is a very economical short-term erosion control mat. Available in 4' x 225' (100 sq yd.) rolls. Jute mat has a field functional longevity of 6-9 months.

Property	Test Method	Unit	M.A.R.V
Weight (typical)	ASTM D 5261	oz/sy	14.7
Thickness	ASTM D 6525	mils	190
Open area	ASTM D 4751	%	60-65
Water Velocity		fps	8
Shear Stress		lbs/ sq ft	0.45
"C" Factor			0.005
Light Penetration	ASTM D 6567	%	45
Ground Cover	ASTM D 6567	%	55
Water Absorption	ASTM D 1117	%	450
Roll Size		ft	4 x 225
Area		sq yds	100
